

I support K-LOVE with a monthly pledge knowing that it provides a positive life changing message and music to my community. The programming provided on K-Love 90.5 in Albuquerque NM is a positive influence in this community. The impact of K-LOVE being replaced in this area would not doubt have a negative impact on our community. I listen daily please DO NOT allow LPFM stations to take priority over the incredible GOODNESS that K-LOVE provides to my community and this nation. Respectfully, Rebekah Huetter
